

To Whom It May Concern,

A reference for O'Brien's Window Cleaning.

I have found O'Brien's Window Cleaning Services to be a very well run professional company with capabilities of delivering quality and safe outcomes for commercial buildings.

Ian is very competent in all aspects of window and facade cleaning and maintenance.

O'Brien's pricing and quotations are reasonable and fair.

Their operators are fully trained and professional in their conduct.

I have no hesitation in recommending them to future businesses in the future.
